

# Seeking Sustainable Homes

Have you worked hard to make your house more sustainable?  
Do you have knowledge to share with your neighbours?  
Wish to help others reduce their footprint on the earth?

**Open your house for Sustainable House Day**  
**Sunday 11 September 2016**

Invest in your neighbourhood by opening your home and sharing your passion and knowledge of sustainable living. Let your house inspire and educate others as you share your journey of what worked, what didn't and how it has changed your way of living.
