

Sustainable House Day

Presented by **renew.**

ON SUNDAY 17 MAY,
REAL PEOPLE OPEN
REAL HOMES ACROSS
AUSTRALIA.

Homes open near you

Step inside sustainable homes in your neighbourhood and see what climate-ready living actually looks like. →

SUSTAINABLE HOUSE DAY 2026 SUNDAY 17 MAY

Architect-designed builds.
Thoughtful retrofits.
All-electric upgrades.
Passive solar homes.
Cooler, healthier apartments.

The people who live there will show you what they did, what it cost, what worked and what they would do differently.

No theory.

No sales pitch.

Just neighbours sharing what they've learned.

Because when you see a home like yours doing it successfully, you realise – you can do it too.
